OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once. Abstracts thereof will if required, be published in two subsequent issues.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401—P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. These subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. Fl. 5102—*G. F.* 84-16-2, *dated 7th March* 1917.

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars whereon the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which

by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once. Abstracts thereof will if required, be published in two subsequent issues.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401—P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. These subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once. Abstracts thereof will if required, be published in two subsequent issues.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41--Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401—P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. These subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41--Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401—P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. These subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41--Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G 4914-23—G. These subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than half a sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41--Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. No. G. 12401—P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41--Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401— P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had in *separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

Proceedings of the Government of His Highness the Maharaja of Mysore.

NO. FL. 878-923—G. F. 491-11-2, DATED BANGALORE, 20TH AUGUST 1912.

ORDER.—As there is reason to believe that sufficient facilities do not exist for bringing together persons wishing to sell and those wishing to purchase the securities appertaining to the State Loan of 1906-07, the Government are pleased to direct that the Comptroller should arrange to keep in the State Huzur Treasury a register in which should be noted all particulars including value, rate, etc., relating to the intended purchase or sale of the Mysore State Securities by any member of the public. Any one willing to purchase or sell such securities should communicate his desire to the Comptroller in the State Huzur Treasury Department with all necessary particulars whereon the necessary entries in the register aforesaid should be made. When the Comptroller finds from the entries in the register that he can accommodate an intending buyer and an intending seller, he will ask the buyer if he is willing to purchase the securities required at the rate fixed by the seller. The name and address of the seller and a brief account of his title to the paper obtained from him will also be furnished to the buyer. If he agrees and pays into the nearest treasury an amount sufficient to cover cost, interest accrued and commission, the seller will be requested to effect a suitable endorsement on the security and transmit it to the State Huzur Treasury. The security will then be transmitted to the buyer through the local treasury and the buyer will take delivery of it after examining the paper and scrutinizing the endorsements so as to be satisfied about the title. The money will afterwards be made payable to the seller from any treasury in the State according to his convenience.

2. If in any case the buyer does not take delivery of the paper, the purchase money will be refunded to him but the commission will be forfeited. The security will, in that case, be returned to the owner and the paper will be renewed, if required by him without any fee. As the Comptroller's Office will always have full information about papers and loss of which by theft, etc., will have been notified, there will be no chance of such papers passing through the State Huzur Treasury and cases of intending buyers not taking delivery of the papers must be very rare.

3. The accrued interest from the beginning of the half-year up to the date of deposit of money by the buyer will be added to the buyer to the value of the security. He will therefore, get interest on his money from the next day. The seller will have to lose interest for a few days till the sale money is actually paid to him from the treasury named by him. Against this, however, there will be the free transfer of money from one place to another.

4. A commission of $\frac{1}{16}$ per cent will be charged to the seller by the Comptroller and a similar commission to the buyer, both calculated on the face value of the security. The commission will be paid by the buyer along with the purchase money and the commission payable by the seller will be deducted by the Comptroller before the sale money is paid to the seller.

5. The rates of discount or premium at which transactions will be effected will depend on the rates at which buyers and sellers will come to agreement. Naturally sellers who offer to sell at the lowest rate will be able to sell first and similarly buyers who want to buy at the highest rate will get through their transactions most expeditiously.

J. S. CHAKRAVARTI,
Financial Secretary.

No. Fl. 4133—*G. F.* 173-18-1, *dated* 22*nd February* 1919.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41—Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401—P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

OFFICE OF THE COMPILER, MYSORE GAZETTE.

NOTICE.

1. The *Mysore Gazette* is published at Bangalore every Thursday. Matter for publication in the Gazette is often sent late to the Press. This involves considerable inconvenience to the Press and expense to Government. All matter intended for publication in Parts II, III, IV, V and VI should therefore reach this office not later than Tuesday noon, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

2. Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its resetting and thereby causing inconvenience to the Press and waste of money. When spare copies are wanted, a note to that effect, stating the number of copies, should be made at foot of such manuscript. If spare copies exceeding 100 in number are required, the department concerned should supply the required quantity of paper.

3. Matter sent for insertion in the Gazette will be published only once.

4. Applications for the supply of the Gazette on *Public Service* should be made to the Chief Secretary to the Government of Mysore.

5. Under Government Proceedings No. 2633-41 --Mis. 558, dated 21st August 1900, No. G. 622-32—G. M. 74-10-36, dated 27th July 1911, and Government Proceedings No. G. 4914-23—G. M. 46-11-36, dated 18th March 1912, the English or the Kanarese portion of the *Mysore Gazette*, consisting of Parts I, III, V and VI only, as directed in G. O. No. G. 12401—P. & S. 1-18-51, dated 23rd December 1918, will be supplied to the Members of the Representative Assembly during their tenure of office as such Members, Shanbhogs, Patels, Nad Patels and Shekdars within the State at *half* rates on production of a certificate from the Amildar of the taluk to the effect that such applicant is *bona fide* on duty at the time. Such subscribers will please note that the Gazette cannot be had *in separate Parts* at concession rates. Those who pay Rs. 2 per annum will have Parts I, III, V and VI only and those who require the other Parts will have to pay the *full* subscription fixed for the Part or Parts wanted; but those who pay Rs. 4 will get the entire copy of the Gazette.

6. As Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts or private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders or cash will be received by the undersigned except from parties outside the State.

7. Much inconvenience is caused to this office by subscribers omitting to give their full and correct addresses and writing illegibly on the money order coupons. They are requested to insert invariably the name of the Post Office to which their copy should be sent.

8. Communications on post cards or on paper less than quarter sheet of foolscap, will not receive attention; and no communication should be sent on Government Service by private parties.

9. An efficient system of check and counter-check is maintained over the despatch of Gazette copies forwarded through post. Duplicates cannot be supplied in any case of non-delivery.

10. Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

REVENUE DEPARTMENT.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

No. E. 399—Gl., dated 20th—23rd December 1918.

Under Article 172 of the Mysore Service Regulations, Mr. R. Ramiah Naidu, Special Deputy Amildar, Yedatore Taluk, was granted privilege leave of absence for six days from the 12th to 17th August 1918.

The Amildar of the Yedatore Taluk was in charge of the current duties of the Special Deputy Amildar, in addition to his own, during the above period.

Circular Memorandum No. F. C. 71, dated 23rd December 1918.

It has been brought to notice that there is still some amount of misapprehension in certain quarters regarding the significance of the maximum prices fixed by Government for the controlled food grains. It must be distinctly understood that the maximum wholesale and retail prices fixed by Government are intended merely to prescribe a limit beyond which it would be regarded as an offence to raise the price, and that there is no objection whatever to sell any of the controlled grains cheaper than the rates fixed by Government. On the other hand; it behoves every one concerned to encourage as far as possible the sale of food grains at lower rates.

2. Commandeering of food grains and payment therefor at the rates fixed by Government should be regarded as penal provisions to be resorted to only in cases where the stock is persistently withheld from the market in spite of the demand. The raiyats should be encouraged to take their surplus stock themselves to the market subject to the rules about permits; and all Revenue officers are required to see that no unwarranted impediments are placed in the way of free movement of surplus food grains. Stocks voluntarily taken by the raiyats or merchants to the markets for sale should not be taken over at the commandeering rate except with the consent of the persons concerned but should, in case they are required by the Government, be purchased at the prevailing market rates.

K. R. SRINIVASIENGAR,
Revenue Commissioner.

BANGALORE DISTRICT.

MYSORE LOCAL EXAMINATIONS.

With reference to Note 3 in page 2 of Notification D. No. 92, dated the 28th February 1917, "German Higher Schools" by J. E. Russel—Longmans Green & Co., Price 2 dollars, is prescribed as a special book under History of Education for the Collegiate Training Examination of 1920.

Circular C. No. 27 of 1918 19, *dated 16th January* 1919.

To—The Managers of Aided Institutions and the Inspectiny Officers of the Education Department.

It has been found in many cases that the applications for several kinds of grants such as salary, equipment and building are not made in accordance with the provisions of the Grant-in-aid Code, thereby causing unnecessary correspondence and consequent delay in the sanction of grants. It has been noticed that some of the Managers of aided institutions purchase the necessary articles and appliances and then apply for grants, though it is clearly mentioned in Rule VI 3 of the Grant-in-aid Code that "no grant shall be given on the purchase of any article, which has not been previously approved of by the sanctioning authority or which has been ordered, purchased or supplied before the sanction of the grant has been promised".

To avoid such inconvenience in future, the Managers of Aided Institutions are requested to see kindly that the applications for all kinds of grants are made in strict conformity with the Grant-in-aid Rules.

C. R. REDDY,
Inspector-General of Education.

KOLAR DISTRICT.

Notification dated 15th January 1919.

It is hereby notified for public information that the undermentioned jodi villages, which have been duly attached in satisfaction of the arrears of revenue due to Government (as shown in the subjoined statement) by the said jodidars, will be sold by public auction at the places and on the dates mentioned in the annexed statement. The sale will commence at 11 A.M., on the dates specified, and the villages will be knocked down to the highest bidder without reserve.

2. Provided that when a village is divided into separate recognized vrittis, the Deputy Commissioner may, at his option, instead of selling the village as a whole, sell each vritti separately.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the lands shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter, or any other person acting on his behalf or claiming an interest in the land, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before sunset on the day previous to that appointed for the sale.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession, and the village will be registered in the name of the purchaser, and a certificate of sale, signed and sealed by the Deputy Commissioner, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within thirty days from the day of sale, and the purchase shall be conditional on the final order in such appeal.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

Circular No. 6468-7577—*C. S.* 24, *dated* 18*th January* 1919.

It is the desire of Government that in the development of towns and villages according to the standards noted below, the aid, advice and co-operation of as many private persons as sympathise with and are truly willing to actively assist in such development should be enlisted. It is requested that Secretaries and Directorates of Co-operative Societies, besides enrolling themselves as active workers, will induce the more prominent members of their societies to join in this work.

It is also hoped that Directorates of Co-operative Societies will at the same time do everything to develop their own societies, and thus contribute to the general progress. In particular, Co-operative Societies can take a leading part in starting Reading Rooms and in interesting members in matters of education, sanitation, agriculture, etc., and in instituting night classes, lectures and magic lantern exhibitions. Local authorities will be glad to help the societies in these matters.

To—The Honorary Secretaries of all Co-operative Societies.

R. RANGA RAO,
Offg. Registrar.

The sale will commence at 11 A.M. on the date specified, and the villages will be knocked down to the highest bidder without reserve.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. MISCELLANEOUS.

THE MYSORE IMPERIAL SERVICE TROOPS WAR FUND.

A meeting of the Managing Committee of the Mysore Imperial Service Troops War Fund was held in the Imperial Service Lancers Reading Room, Hebbal, at 8 A.M., on Friday the 7th March 1919, under the presidency of His Highness the Yuvaraja of Mysore, G. C. I. E. The hall was tastefully decorated. A number of Military Officers of the Mysore Regiments stationed in Bangalore were also present by special invitation. Before the regular business of the meeting began Rajamantrapravina Dewan Bhadur Mr. J. S. Chakarvarti, M.A., F.R.A.S., Joint-Honorary Secretary of the Fund, spoke as follows:—

"Your Highness,

Before the regular business of the meeting begins, I crave Your Highness' gracious permission to refer to a feature of this meeting of our Committee, which though only very temporary is yet regrettable. I refer to the absence, owing to illness, of Sirdar Kantaraj Urs, who is one of our Vice-Presidents and also our Honorary Secretary. I think I am correct in saying that either a meeting of the General Committee or a meeting of the Managing Committee has been seldom held without his genial presence and active help and guidance. Even to-day though he is not present here I have not the least doubt that his sympathies and good wishes are with us. Your Highness, we all know that our much-esteemed and beloved Sirdar Sahib is rapidly recovering from his illness and for this we are fervently hopeful to Providence. And we all earnestly hope and pray to God that he may soon regain perfect health and resume his manifold and beneficent activities for the good of the State and the welfare of all sections of its population."

Mr. B. K. Garudachar said that he had no doubt that all present cordially cheered the sentiments expressed by Mr. Chakravarti.

His Highness in opening the proceedings said that at the last meeting of the Managing Committee held in March 1918 and that of the General Committee held in August 1918, the great war in which the Mysore Units were taking part was in full swing and the only thought of the Committee at that time was to send comforts to the men in the field and afford relief to their families here. Now they met under entirely different circumstances, when the great struggle was at an end. They had now to think as to how best they could afford a hearty reception to the victorious soldiers of Mysore, who would return to their home in a short time.

They had also to consider, how the surplus funds of the Committee, which would be left after all requirements have been met, could be best utilised. His Highness remarked that this important subject would be discussed at the meeting and he expressed his hope that a satisfactory conclusion would be arrived at.

The Joint-Honorary Secretary presented the audited accounts of the Fund up the end of February 1919. The Committee resolved that the accounts be passed and the thanks of the Committee be communicated to the Honorary Auditors Messrs. K. R. Krishnaswami Iyengar, M.A., B.L., and B. K. Garudachar.

Mr. Puttanna, then read an account of the movements, doings, etc., of the Mysore Regiments at the front since the last meeting. The Committee recorded the report with satisfaction at the large number of Officers, who had gained distinction in the field and at the very favourable impression, which the Mysore Units had created in the minds of the British Military authorities.

The question as to how the surplus of the Fund, which would be left after all requirements had been met could be utilised was then taken up. After some discussion in the matter, His Highness desired that the subject might be brought at the next general meeting.

The Committee next considered what action might be taken for extending a hearty welcome to the Mysore Regiments on their return from the field and resolved that a small Committee be appointed to concert measures for the purpose and that a letter be addressed to the Honorary President, Bangalore City Municipal Council, requesting his co-operation in the matter.

Whether a donation might be given to the Y. M. C. A. in recognition of their work in providing recreation to the Mysore Troops in the field was next considered and it was resolved that a donation of Rs. 500 be given to the general funds of the Y. M. C. A.

In connection with the scheme of granting of building sites to Mysore soldiers living in Bangalore, a letter received from the Honorary President of the Bangalore City Municipal Council in the matter and Government Order dated 13th December 1918, approving of the proposal to allot building sites on favourable terms to the members of the Mysore Military Force were read and it was resolved that the maturing of the scheme might be watched by the Committee.

After a few other routine matters were disposed of, the meeting terminated with a cordial vote of thanks to His Highness the Chairman.

An abstract statement of account from the inception of the Fund to the end of February 1919, as certified to by the Auditors is appended.

MISCELLANEOUS.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

Official Memorandum No. 9111-10230—*C. S.* 24, *dated* 14*th March* 1919.

As all Co-operators know, there are now well over 1,200 Co-operative Societies working in the Mysore State. Classified according to their objects about 1,150 are credit institutions, about 25 are Weavers' Co-operative Societies and the remaining 25 serve some minor agricultural and industrial purposes. It is clear therefore that while the credit movement has made considerable progress in Mysore, the progress of agricultural and industrial co-operation is very poor.

In countries where co-operation has developed on a large scale, one generally finds that it develops more or less equally in all directions. This is but natural. Provision of capital to their members, provision of raw material, tools and implements and the like required for carrying on their occupation, and facilities for obtaining an adequate return for the result of their labour, these are three of the most important objects served by co-operative societies. Our societies have so far taken up only the first line of work and even there, there is a lot still to be done. The second and the third objects mentioned above do not find a prominent place on the programme of co-operative work in the State. It is doubtful whether we are really helping a member of a Co-operative Society if we merely provide him with funds and do not help him to put those funds to the best advantage or to procure the best price for the produce of his labour. It is time therefore that Co-operative Societies realised the intimate relation that exists among the several items of work enumerated above and that they took necessary measures for enlarging the sphere of their activities. This will enable them to confer on their members greater benefit than they are now able to do.

Regarding agricultural co-operation, it is proposed to start societies for the supply of the following in the districts of Tumkur, Kolar, Mysore and Bangalore :—

(1) Verity ploughs.
(2) Kolar Mission ploughs.
(3) New Bar share ploughs.
(4) Eureka plough.
(5) P. W. D or Kolar Mission cultivator.
(6) Sugar-cane mill P. W. D.

In the districts of Shimoga, Kadur, Chitaldrug and Hassan, it is proposed to start societies for the supply of the following in addition to or in place of those enumerated above.

(1) Kirlosker ploughs.
(2) Mesten ploughs.

In addition to these societies, institutions may also be started for the supply of seed, manure, and house-hold provisions. It will also be possible to arrange for the common sale of the produce raised by the members.

With regard to industrial co-operation, societies for jaggory making, for rice hulling, for weavers, for metal workers, ivory and sandalwood carvers, shoe makers, basket makers, cabinet makers, etc., are contemplated. These societies will not merely supply their members with funds but they will also provide them with the raw materials and tools they require and will arrange for the common sale of the articles turned out by the members.

It is proposed that societies started for the above purposes should be made independent of the credit societies but there is nothing to prevent the existing Co-operative Societies from enlarging their activities in these directions. The Department will be only too glad to help these societies with funds and advice and the Director of Agriculture and Director of Industries and Commerce have kindly promised to co-operate with the Registrar in this matter.

It is earnestly hoped that members of Co-operative Societies, Committees of management and influential leaders of co-operation in the State will interest themselves in this work and help the Department in its efforts in these directions.

R. RANGA RAO,
Offg. Registrar.

PRESS COMMUNIQUE.

The several orders passed from time to time in regard to food supply operations have been placed before the public who are aware of the policy of Government in this respect. It is set forth in clear terms in the Press Communique issued on the 10th December 1918.

2. Since then representations were received from the mercantile community that in consequence of the restrictions placed on the transport and sale of food grains within the State, commodities were not freely coming into the market, that the public were put to inconvenience and that if the restrictions were removed the situation would become easier. On a consideration of these representations and in view of the altered agricultural situation at the end of December last, Government issued orders on the 1st January 1919 rescinding the restrictions against transport of grains within the State from one place to another by road except in respect of village situated within ten miles of the British border.

3. The effect of this order has been that there has been a brisk demand for commodities in the centres of production and that purchasers were willing to pay higher prices than the maxima fixed by Government. In the result there has been a certain amount of speculation, which has led producers to hold up stocks with a view to obtaining higher prices, and there has been a certain amount of collusive transactions in violation of the rules regarding prices. The situation at present has been carefully considered by Government in consultation with District Officers and they are of opinion that a further step may be taken in the direction of allowing a freer play to the normal operations of trade. They have, therefore, resolved to cancel the orders fixing maximum wholesale and retail prices for the several food grains within the State. It is expected that the result of this measure will be to induce supplies to come more freely into the market even though there might be some rise in prices. At the same time, Government will reserve to themselves the power of commandeering stocks at prices that may be fixed by them from time to time when they find that stocks are being hoarded for purposes of speculation without coming into the market.

4. At present priority certificates are required for all movements of food grains by rail within the State. In future such certificates will not be required in the case of movements within the State itself, except in regard to certain stations within a short distance from the frontier. It is expected that this relaxation will give great facility to internal traffic.

Bangalore-Haribar line beyond Holalkere.
Bangalore-Hindupur line beyond Dodballapur.
Bangalore-Madras line beyond Bowringpet.

5. Steps will also be taken to import from outside the State large quantities of rice and of broken rice, which it is expected will serve as a substitute for ragi, in case the price of ragi should rise considerably. The co-operation of merchants will be invited in the arrangements made for these imports and at the same time any tendency to make undue profits in respect of these imports will be controlled by suitable terms of agreement on which such imports will be permitted.

6. Opinion is unanimous that these measures of food control can only be operated successfully if export from the State is kept under control and all loop-holes for clandestine removals are closed. For these purposes the movement of grain to and within a belt of country ten miles from the frontier will be kept under strict regulation and the existing arrangements for preventing unauthorised export will be administered with greater strictness.

7. With a view to greater efficiency and despatch of business the functions of the Director of Civil Supplies and those of Food Controller will be combined in the latter Officer, who will thus be solely responsible for carrying out all arrangements in regard to the import, distribution and authorised export of food grains.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT.

Dated Bangalore, 19th February 1919.

PRESS COMMUNIQUE.

With reference to Rule 4 (1) (quoted in the margin) of the revised Municipal Election Rules issued with Government Notifications No. 8297—Ml. 129-18-1 and No. 8298—Ml. 130-18-1, dated the 7th January 1919, certain criticisms have appeared in the public press alleging a change of attitude on the part of the Government of Mysore on the question of communal representation on municipal bodies. Government wish to point out that the rule in question introduces no new principle and has been framed in pursuance of a long existing provision of the Mysore Municipal Regulation, *viz.*, Section 11 (*c*) which reads as follows:—

> If in any division of a Municipality divided for electoral purposes into divisions under the foregoing rule, not less than 50 per cent and in a Municipality not so divided not less than 25 per cent of the total number of persons eligible to vote belong to any one section of the inhabitants, then such voters may apply to Government, provided that the application is made by not less than three-fourths of their total number, for permission to elect one or more members of such section and the Government may thereupon pass such orders as they deem fit.

"The Government shall, from time to time, generally or specially for each Municipal Council—

* * * *

(*c*) make rules consistent with this Regulation, for

* * * * *

(ii) prescribing the number to be elected by the rate-payers, or by sections of the inhabitants or by public bodies or associations, if any, and the qualifications of candidates and of voters other than as hereinafter provided."

When the question of communal representation was discussed in the Legislative Council in connection with the bill for the amendment of the Mysore Municipal Regulation, it was repeatedly pointed out that Government had already power, under the section quoted above, to make rules for the special representation of sections of the inhabitants within any municipal area.

It was in allusion to this power that His Highness the Maharaja observed as follows in his reply to the deputation of non-Brahmin communities, which waited upon him in June 1918.

"Separate sections of inhabitants are already given special representation and my hope is that with extended franchise and a larger scope for elections, a larger number will associate themselves with local administration and all communities on whose behalf you speak will be more largely represented."

It will be observed that the rule under reference contemplates the election of municipal members, not by communities, as ordinarily understood, but by "sections of the inhabitants," an expression which would include members of a calling or profession and does not necessarily mean persons belonging to a caste or sect. Attention may also be drawn to Rule 4 (2) of the Revised Election Rules which, following the provision of law already quoted, allows the conferring of the municipal franchise on public bodies or associations. These provisions are in accordance with the Municipal Regulation of 1906 and are intended to meet special cases. They do not affect the general principle that municipal electorates should be formed mainly on a territorial, as distinguished from a communal basis.

Extracts from the discussion in the Legislative Council are appended to this communique.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

APPENDIX.

Extracts from the discussions in the Legislative Council in connection with the Bill to further amend the Mysore Municipal Regulation, 1906.

A. (21ST FEBRUARY 1918).

Mr. C. S. Doraswami Iyer.—"I also oppose the motion for postponement. On the last occasion when the report of the Select Committee and the Bill as amended by them, were considered in Council, I suggested that there was no reason for the incorporation in the Bill itself of a specific provision in favour of communal representation as Section 11 (*c*) (2) and Section 14 (1) (*a*) enabled Government to make rules for special representation by sections of inhabitants within any Municipal area. It is now suggested that taking power to frame rules in the matter will be of no use but that provision should be made in the Regulation itself in order that it may not be left to the discretion of the rule-making authority, that is, Government to decide as to how communal representation should be regulated by rules framed in this behalf.

* * * * *

B. (21ST FEBRUARY 1918).

* * * * *

Mr. A. R. Banerji.—So far as representation of class interests referred to above is concerned, we have already in the Municipal Regulation a provision—please see Section 11 (2)—by which Government may make rules prescribing the number to be elected by the rate-payers or by the sections of the inhabitants or by public bodies or associations. Then again, there is the special provision under Section 14 (1) for the constitution of Municipal Councils in exceptional cases where, owing to the smallness of the Municipality or to the backward state of the inhabitants, an exceptional constitution is considered necessary. Over and above these precautions which fully cover the provisions of the Central Provinces and the North-West Provinces Acts, what justification is there for alarm that all interests will not be represented in Municipal Bodies?

* * * * *

C. (28TH SEPTEMBER 1917).

Mr. C. S. Doraswami Iyer.—

If my friend Mr. Basaviah will look into Section 11 of the existing Municipal Regulation, he will find that there is sufficient power reserved to enable Government to make rules for what is called "Communal Representation" that is to say, representation of all the communities a term, which, I take it, is included in the expression "sections of inhabitants," in sub-clause (ii) of clause (*c*). Under Section 11 (*c*) (ii), the Government shall, from time to time, generally or specially for each Municipal Council, make rules consistent with this regulation for prescribing the number to be elected by the rate-payers, or by *sections of the inhabitants*, or by public bodies or associations, if any, and of voters other than as hereinafter provided." This section, it seems to me, provides for cases of the kind where, if Government see the necessity for special communal representation, they have the power to give effect to it. There is also Section 14 (1) (*a*).
